Date: Tuesday
10/18/2011

Time: 6:30-9 pm

Smart Grid Architecture, How it affects our future!

Speaker: Fred Baker, Cisco Fellow, IETF Chair, Author of RFCs, Internet Communications

We are privileged to welcome Fred Baker, Cisco Fellow, IETF Working Group Chair, and a member of the Smart Grid Architecture Committee NIST Smart Grid Interoperability Panel.

Fred will discuss the communications models for the Smart Grid. The purpose is to describe the nature, challenges, opportunities, and necessity of Smart Grid implementation, and how it affects businesses and consumers.

Mixer: 6:30-7pm
Fred Baker: 7-8 pm

**Tuesday,
Oct 18, 2011
6:30-9 p.m.
